MEDICAID MANUAL (ESS Policy Manual, VOLUME II) TRANSMITTAL NO. 16

TO: County Departments of Family and Children

Services State DFCS Staff

FROM: Clifford O'Connor, Deputy Director

Division of Family and Children

Services

RE: Medicare Prescription Drug Plan Low Income Subsidy Applications, Affect of the Drug

Plan on Other Policies, Updates to Third Party Liability Procedures, IV-E Income Limit Increases, Clarification of Home Place Property Transfer, Miscellaneous Updates and

Clarifications to Policy and Procedures

PURPOSE: This manual transmittal contains policy updates and clarifications received since the

previous transmittal.

DISCUSSION:

2146 – New Section on completion and routing of Medicare Prescription Drug Plan Low Income Subsidy Application.

2345 – New Section on Undue Hardship. There are no policy changes. Policy has been consolidated into the new section to facilitate finding the policy.

2346 – New Section on Special Needs Trusts.

2931 – New Section on Medicare Part D. Includes more detail, rollout time line, etc.

Appendix A1 – two new charts for Medicare Part D information

Appendix F – New forms include a Special Needs Trust Review Routing Form, SSI CMD Letter, Notice of Review of Annuity. Other forms revised to remove letterhead, update information.

Appendix K – New Appendix for Children in Placement SUCCESS functions

Family Medicaid – Miscellaneous updates, including SUCCESS procedures for correctly coding TMA/4MCS cases.

Children in Placement Medicaid – Miscellaneous updates, including revision of IV-E budgeting to reflect new rates effective July 1, 2005 and SUCCESS functions. Also includes new Rev Max Intake fax number.

ABD Medicaid – Homeplace Transfer policy clarified to reflect OBRA '93 regulations. The homeplace property of an institutionalized individual is not excluded under the Medicaid program. If the home of an institutionalized individual is transferred to someone other than one of the individuals specified in the policy, **even after the individual has established Medicaid eligibility**, it will be considered a transfer of assets, and the fair market value for the property will be used to impose a transfer penalty. The transfer of assets exception of "the assets were transferred exclusively for a purpose other than to qualify for medical assistance" is not applicable for the transfer of homeplace property. Undue Hardship should be considered before the application of a transfer of assets penalty. Other updates include TPL processes, QIT clarifications, the consolidation of Hardship policy into a unique section, and updates to various forms and SUCCESS functions.

The new ABD Supervisory Review instrument and summary are included in this manual transmittal. The accuracy rate will be calculated based upon correct review elements, not simply on correct cases.

Specific changes to the Sections are discussed briefly under the Comments Section below.

Manual Transmittal 16 includes information found in Medicaid e-mails numbered through 05-15.
