Governor's Executive Order — July 13, 2022

Department of Human Services (DHS) employees are expected to maintain and exercise at all times the highest moral and ethical standards in carrying out their responsibilities and functions. Employees must conduct themselves in a manner that prevents all forms of impropriety, placement of self-interest above public interest, partiality, prejudice, threats, favoritism, and undue influence.

Employees must be alert in conducting business with employees and non-employees to avoid even the appearance of misconduct, conflict of interest, personal or financial gain. While performing departmental duties, employees are required to comply with Federal and State laws, the Code of Ethics for Government Service (Attachment #1), the Governor's Executive Order, dated July 13, 2022 (Attachment #2), Rules of the State Personnel Board and Departmental policies. In accordance with the Governor's Executive Order, attached to this policy is the Outside Organization Expense Reimbursement Request (Attachment #3).

DHS employees are required to report all suspected violations of Federal or State law involving DHS employees, or anyone contracted to provide services to DHS. Reports should be made to the Office of Inspector General (OIG) immediately upon the employee becoming aware of the suspected violation. DHS employees receiving a complaint of criminal misconduct, fraud, or abuse, whether by written or verbal communication will, as soon as practicable, report the complaint to the OIG.

Section A: General Provisions

1. Written guidelines which cover all types of employee conduct is not possible. This policy provides general guidance and examples, which establishes a framework of principles to assist employees in performing their jobs in a professional manner.
2. The General Counsel in the Office of General Counsel (OGC) is the department's designated Ethics Officer. The Ethics Officer shall take appropriate measures to ensure that all employees become familiar with applicable ethics laws and policies.
3. In general, DHS is not concerned as an employer with non-work time of employees. Off-duty

conduct becomes a legitimate concern, however, when it affects departmental operations or reflects discredit on the agency. Such off-duty conduct may result in appropriate disciplinary action up to and including dismissal from employment. Publishing or posting inappropriate, offensive, confidential or sensitive work-related information or material regarding clients, colleagues, supervisors or other work-related contacts on the internet or any social network site (such as, Facebook, Twitter, Instagram, YouTube, blog, etc.) or other website without authorization is prohibited and an example of off-duty activity that could reflect discredit on DHS.

4. Employees are also prohibited from publishing or posting Federal Tax Information (FTI) to the internet or social media.
5. Employees shall afford all constituents fair and equal opportunity to express their concerns and ideas regarding state programs and policies without regard to their political affiliation, sophistication, or influence. Recommendations and decisions made by employees in the performance of their duties shall be made without bias.
6. Employees shall not advocate for or cause the advancement, appointment, employment, promotion, or transfer, of a relative to an office or position with an agency or with the Office of the Governor.
7. Employees shall not participate in an action relating to the disciplining of a relative.
8. Employees shall continually monitor, evaluate, and manage their personal, financial, and professional affairs to ensure the absence of conflicts of interest and the appearance of conflicts.
9. An employee's failure to comply with any directives regarding mandatory training may result in formal disciplinary action, up to and including dismissal.
10. DHS reserves the right to take appropriate disciplinary action, to decline to appoint or promote an applicant/employee, and to reassign an employee in order to avoid or eliminate the appearance of conflict of interest based on a coworker, employee, client, customer or other relationship.

Section B: Conflict of Interest

1. A conflict of interest may exist where employees engage in activities, which may financially or otherwise enhance themselves, their relatives, or individuals with whom they are personally or financially involved as a result of knowledge, information or action taken in an official capacity as DHS employees. All employees have a duty of trust to the State and its citizens, and no one is permitted to make an improper profit from the exercise of duties and responsibilities.
 - a. A conflict of interest may exist where no actual profit is made by the employee. The opportunity for profit or benefit alone may create the conflict.
 - b. No promise of restraint or waiver by the affected employee will be sufficient to avoid a conflict or the appearance of a conflict.
 - c. A conflict of interest may arise from a circumstance or situation, and not an activity. The elements of a circumstance or situation may appear as the opportunity for enhancement by a transaction or opportunity to influence that transaction as an employee.
2. A conflict of interest may also arise when an employee engages in an outside activity, while not necessarily incompatible or inconsistent with official duties, nevertheless is or becomes so extensive that it interferes with the proper and full-time performance of official departmental

duties. Decisions regarding the existence of a conflict and its remedy are to be made by an authorized DHS official (Please also refer to [DHS Policy #1203: Secondary Employment](#)).

3. Employees are to make every effort to avoid even the appearance of a conflict of interest.
 - a. An appearance of conflict exists when a reasonable person would conclude from the circumstances that the employee's ability to protect the public interest, or perform public duties, is compromised by personal interests.
 - b. An appearance of conflict could exist even in the absence of a true conflict of interest (e.g. favoritism, personal relationships, use of company resources, etc.).
4. Employees shall disqualify themselves from participation in any official proceeding in which might reasonably be questioned due to employees' personal or financial relationships with participants in the proceeding.
 - a. A "participant" includes, but is not limited to, an owner, shareholder, partner, employee, or agent of a business entity involved in the proceeding. If the employee is uncertain whether the relationship justifies disqualification, then the employee shall disclose the relationship to the person presiding over the proceeding.
 - b. The presiding officer shall determine the extent to which, if any, the employee will be permitted to participate. If the affected employee is the person presiding, then the vice chair or such other substitute presiding officer shall make the determination.
5. Employees shall not directly or indirectly ask, accept, demand, solicit, seek, receive financial or benefit for themselves or for others in return for being influenced in the discharge of their official responsibilities.

Section C: Privileged or Confidential Information Usage

1. Many employees are exposed to privileged or confidential information through their knowledge of official plans and programs which may be of significant interest to the public.
2. Employees shall not knowingly use their positions in any manner which will result in financial or other benefit, directly or indirectly for themselves, their relatives, or individuals with whom they are personally or financially involved.
3. Privileged or confidential information (e.g. contract bids, certain financial, personnel or client information, etc.) is to be released only by authorized DHS officials.
4. The release of any privileged or confidential information, financial or otherwise, is not authorized to any person who does not have a legitimate need-to-know.
 - a. Employees shall not disclose information gained in the course of, or by reason of, their official responsibilities in a way that would affect a personal financial interest for themselves, their relatives, or individuals with whom they are personally or financially involved.
 - b. Use of computers to obtain information concerning clients, patients, customers, other employees or third parties for non-work-related reasons is prohibited.
5. DHS is a "covered entity" under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), which provides for the safeguarding of each individual's personal health information.

In response to HIPAA, the federal Department of Health and Human Services has issued a “Privacy Rule” effective April 14, 2003.

- a. In accordance with the Privacy Rule and DHS’s Privacy Policies and Procedures, employees shall receive training on DHS Policies and Procedures relating to HIPAA’s privacy requirements. The level of training individual employees receive will vary, depending on the individual’s job responsibilities and their access to and involvement with personal health information.
 - b. As a part of this training, all DHS employees shall read and sign the Important Information on DHS HIPAA Privacy Policies and Procedures form, which will be maintained by the Office of Enterprise Development (OED).
 - c. Employees shall be responsible for obtaining and maintaining the appropriate level of awareness and compliance with the Department’s Privacy Policies and Procedures. In addition to penalties prescribed by federal law, Privacy Policy violations may result in corrective or disciplinary action.
6. Employees are prohibited from posting, publishing, or discussing any form of confidential or sensitive work-related information on an internet blog or other website without proper authorization.

Section D: Disclosure of Information

1. All applicants/employees are required to disclose felony convictions on applications for employment and convictions and/or pending charges on the State Security Questionnaire/Loyalty Oath Form.
 - a. Falsification or misrepresentation of information, including criminal history, is prohibited and may result in an offer of employment being withdrawn from an applicant or employee dismissal.
 - b. Material falsification or misrepresentation of any information, including criminal history, will result in an offer of employment being withdrawn from an applicant or employee dismissal.

NOTE

“Material” refers to information which directly influences and/or impacts the hiring decision based on records, credentials and/or qualifications.

- c. Applicants whose offer of employment is withdrawn or employees who are dismissed due to falsification or misrepresentation of information are not eligible for consideration for re-employment with DHS for a minimum of six (6) months from the date of withdrawal or dismissal, whichever is applicable.
2. Employees are required to notify their supervisor and their designated Human Resources Representative of any arrests and/or convictions within **five (5) calendar days** of the date of arrest or conviction. A determination of appropriate action will be made on a case-by-case basis.

Section E: Outside Activities and Relationships

1. Employees must be alert in conducting business with non-employees to avoid even the appearance of misconduct, personal or financial gain or conflict of interest.
2. Employees must report ownership or partial ownership of a company if the company in which the employee is part owner is doing business, or seeks a business relationship with DHS, including any entity within DHS.
3. Employees are prohibited from serving for compensation as a corporate officer or director of any for-profit or publicly held company. Voluntarily, pro bono services on behalf of non-profit organizations may be permitted, so long as services to such organizations would not have the potential to create a conflict and do not impair the employee's ability to discharge his or her public duties fully, faithfully, and impartially.
4. The DHS Commissioner may not have any ongoing dual employment.
5. Employees are prohibited from membership on the Board of Directors of any organization with which DHS contracts.
6. Employees are prohibited from accepting personal favors or benefits under circumstances, which may influence or give the appearance of influencing their official activities. Such favors and benefits may not be accepted by employees on behalf of other individuals.
7. Employees are prohibited from involvement in official activities in which a client or customer is a relative or in-law. Employees are prohibited from involvement in official activities in which a client, patient or customer is a personal acquaintance, when the relationship creates a conflict or perceived conflict of interest.

 - b. Employees are encouraged to discuss the above circumstances with their supervisors, if there are any questions concerning relatives, in-laws, or personal acquaintances.
8. Employees must conduct themselves in a positive and courteous manner at all times towards clients and customers. If the gift retains value after its acceptance, the employee must: (a) maintain custody of the gift no longer than reasonably necessary to arrange for the transfer of custody of the gift to DHS, or to a charitable organization on behalf of DHS; (b) file a report with the designated

Ethics Officer no later than 30 days after receipt of the gift containing a description of the gift, the approximate monetary value thereof, the name and address of the person making the gift, the date the gift was made, and the disposition of the gift.

- I. Gift means anything of value exceeding \$75, including lodging, transportation, personal services, gratuities, subscriptions, memberships, trips, loans, extensions of credit, forgiveness of debts, advances, deposits of money, or anything that retains value after acceptance.
- d. Items of minimal cost that employees receive (e.g. pencils, pens, coffee mugs, etc. received during attendance at a conference) are not considered gifts.
- e. Accepting any honoraria whatsoever.

Employee appearance contributes to the Department of Human Services' (DHS) culture and reputation. Employees are expected to present themselves in a professional manner that results in a favorable impression by colleagues, clients and customers.

It is the responsibility of every person working for DHS to adhere to this policy. **This dress code applies to all employees, students, interns, work-study personnel, and volunteers.** The DHS dress code does not discriminate against an individual on the basis of race, sex, age, genetic information, religion, sexual orientation, national origin, or disability. Employees should familiarize themselves with the policy and dress code guidelines. Employees should consult with their immediate supervisor or their designated Human Resources Representative for additional guidance.

Section A: Attire Examples

1. The Department recognizes three categories of dress in the workplace: **Business Professional, Business Casual, and Casual.** These are the standard of dress required Monday through Friday.

NOTE

As a reminder, telework spaces are considered an extension of the office setting. Employees should always be prepared for on-camera appearances.

3. **Business Casual** attire is a less formal version of business professional but should always be neat, clean, and suitable for the workplace. If lettered or illustrated attire is worn, it should not promote a particular political, moral, religious, personal, or other opinion. Attire, which is obscene, vulgar, offensive or inflammatory is prohibited. Appropriate clothing includes:

5. Supervisors may approve exceptions to permit the wearing of jeans and athletic shoes only in appropriate circumstances (e.g., during an office move or site visit where business casual attire would not be recommended). Otherwise, athletic shoes are not to be worn in the office during the normal workday unless medically necessary. Medical documentation from a health care provider requiring the wearing of athletic shoes in the workplace must be submitted to the Office of Human Resources (OHR) for approval.
6. **Casual Attire** is a more relaxed form of business casual, while still remaining professional. Casual days will be allowed periodically as announced by the agency, division, or office approving authority or designee. Casual days are typically reserved for Fridays. Appropriate clothing includes the following:
- a. Dress pants or capris that stop directly above or below the ankle.

- b. Jeans, denim skirts, dresses and unmarked t-shirts. This policy does not allow jeans with rips, dirty jeans, jeans that sag or jeans that are too tight.
 - c. Casual dresses and skirts; skirt length should be at a length at which you can sit comfortably in public.
 - d. Casual shirts, dress shirts, sweaters, polo shirts, turtlenecks, suit jackets or sport jackets.
 - e. Comfortable shoes such as walking shoes, loafers, boots, flats, and dress heels.
7. **Court Attire** is Business Professional attire and must be worn for any court appearance, whether as a participant in a case, a witness, or an observer. This not only helps maintain decorum but shows respect for the judicial system. Casual attire is prohibited in any courtroom by DHS employees. Appropriate clothing includes:
- a. Men: Suits, sports coats, ties, dress shirts, and slacks
 - b. Women: Suits, dresses, skirts, blouses, and slacks

Section B: Grooming and Personal Hygiene

1. **Hair Care and Accessories** – Hair should be clean, combed, and neatly trimmed or arranged. Hair should be styled in manner that does not interfere with job performance. Unneat hair is not permissible regardless of length.
2. **Body Art** – In order to ensure a professional environment, visible tattoos with the potential to be perceived by anyone as distracting, derogatory, offensive or controversial should be covered at all times. Face and neck tattoos should be covered at all times.
3. **Piercings** – Jewelry and piercings should be kept to a minimum and should not hinder or interfere with job performance. Large hoop earrings that are more than two (2) inches are not allowed. Nose rings are permissible if they are small in size, circular hoops and do not cause distraction in the workplace. Management should contact OHR before directing an employee to remove a piercing.

NOTE The cost of any covering or removal of body art, tattoos, or body piercings is the responsibility of the employee.

4. **Personal Hygiene** – Fragrances such as perfume, cologne, and after-shave should not be excessive or offensive to others. Makeup can be used for enhancing one's appearance. Extreme colors that could detract from a professional image are not acceptable.
5. **Reasonable Accommodation for Religious Practices** – Hairstyles, clothing, body art, piercings and/or accessories associated with religious practices will be given appropriate consideration for reasonable accommodation based on the nature of the job and supporting documentation. Employees should consult with their designated Human Resources Representative for reasonable accommodation for religious practices.

Section C: Policy Adherence

instructed not to wear the same or similar attire in the future. Should it be necessary for the employee to return home to change attire, the employee will be required to use annual leave, compensatory time, personal leave or leave without pay during the period of absence.

2. Ensuring consistent administration of the guidelines of this policy is the responsibility of all levels of management. Decisions regarding the appropriateness of attire and the procedures to be followed will be made on a case-by-case basis by management and the designated Human Resources Representative. Factors to be considered include, but are not limited to:
 - a. Client or customer proximity.
 - b. Work function of the unit.
 - c. Determination that the attire does not comply with this policy.
 - d. Complaints received.

Employees who do not comply with established dress code standards may be subject to disciplinary action up to and including dismissal from employment.

Dress Code Frequently Asked Questions

1. Why do we have a dress code?

The dress code is designed to provide guidelines for appropriate and inappropriate workplace attire. Since our appearance reflects DHS, employees must maintain a positive and professional appearance that does not offend customers, clients, or colleagues.

2. When can business casual attire be worn?

Business Casual attire can be worn on a daily basis when employees are not required to be in formal settings, such as board meetings or court appearances.

3. Will we have casual Fridays?

While casual days are typically reserved for Friday, the agency maintains the authority to discontinue or limit casual attire, as it deems appropriate.

4. The dress code guidelines state “visible body art should be covered, and visible piercings removed”. What if I have body art or piercings that I cannot cover or remove?

The Dress Code Policy states that body art should be covered, and visible piercings should be removed while in a work status. Ear piercings are allowed. Requests for exceptions should be made with your supervisor.

5. **If I am expected to appear in court wearing “Business Professional” attire, and later in the day I am in the field with clients, am I expected to wear “Business Professional” attire for the entire day?**

When employees are in business professional attire for court appearances then transition to the field, it is their discretion to remain in business professional attire versus business casual or environmental attire. Employees should always exercise good judgment when determining what to wear. The policy indicates that when conducting less than formal business for DHS “Business Casual” attire is appropriate. Environmental attire must be conducive to the specific work that the employee will perform and be approved by a supervisor or manager.

6. **Are there hairstyle restrictions?**

Extreme hairstyles or hair coloring that does not present a businesslike appearance are prohibited.

7. **Are there special provisions or exceptions for interns, part time employees or temporary workers?**

No, the requirements are the same for interns, part time employees, and temporary workers.

8. **What should I do if a manager other than my direct supervisor says something to me about my appearance?**

Per Section F(l) of Policy #1201 Standards of Conduct and Ethics in Government, employees are to comply with instructions from all supervisors and managers. Supervisors are encouraged to contact the employee’s immediate supervisor before approaching non-direct reports, who are in violation of the dress code or demonstrating any other inappropriate conduct.
